- You're in! Check your inbox on your mobile device to get started with testing the app

Powered by
 Firebase App Distribution

You should now see a confirmation that you have been sent a new e-mail.

4

Open your e-mail client, look for an invitation from "Firebase" and open it. Now you should see "Get setup", just click it.

5

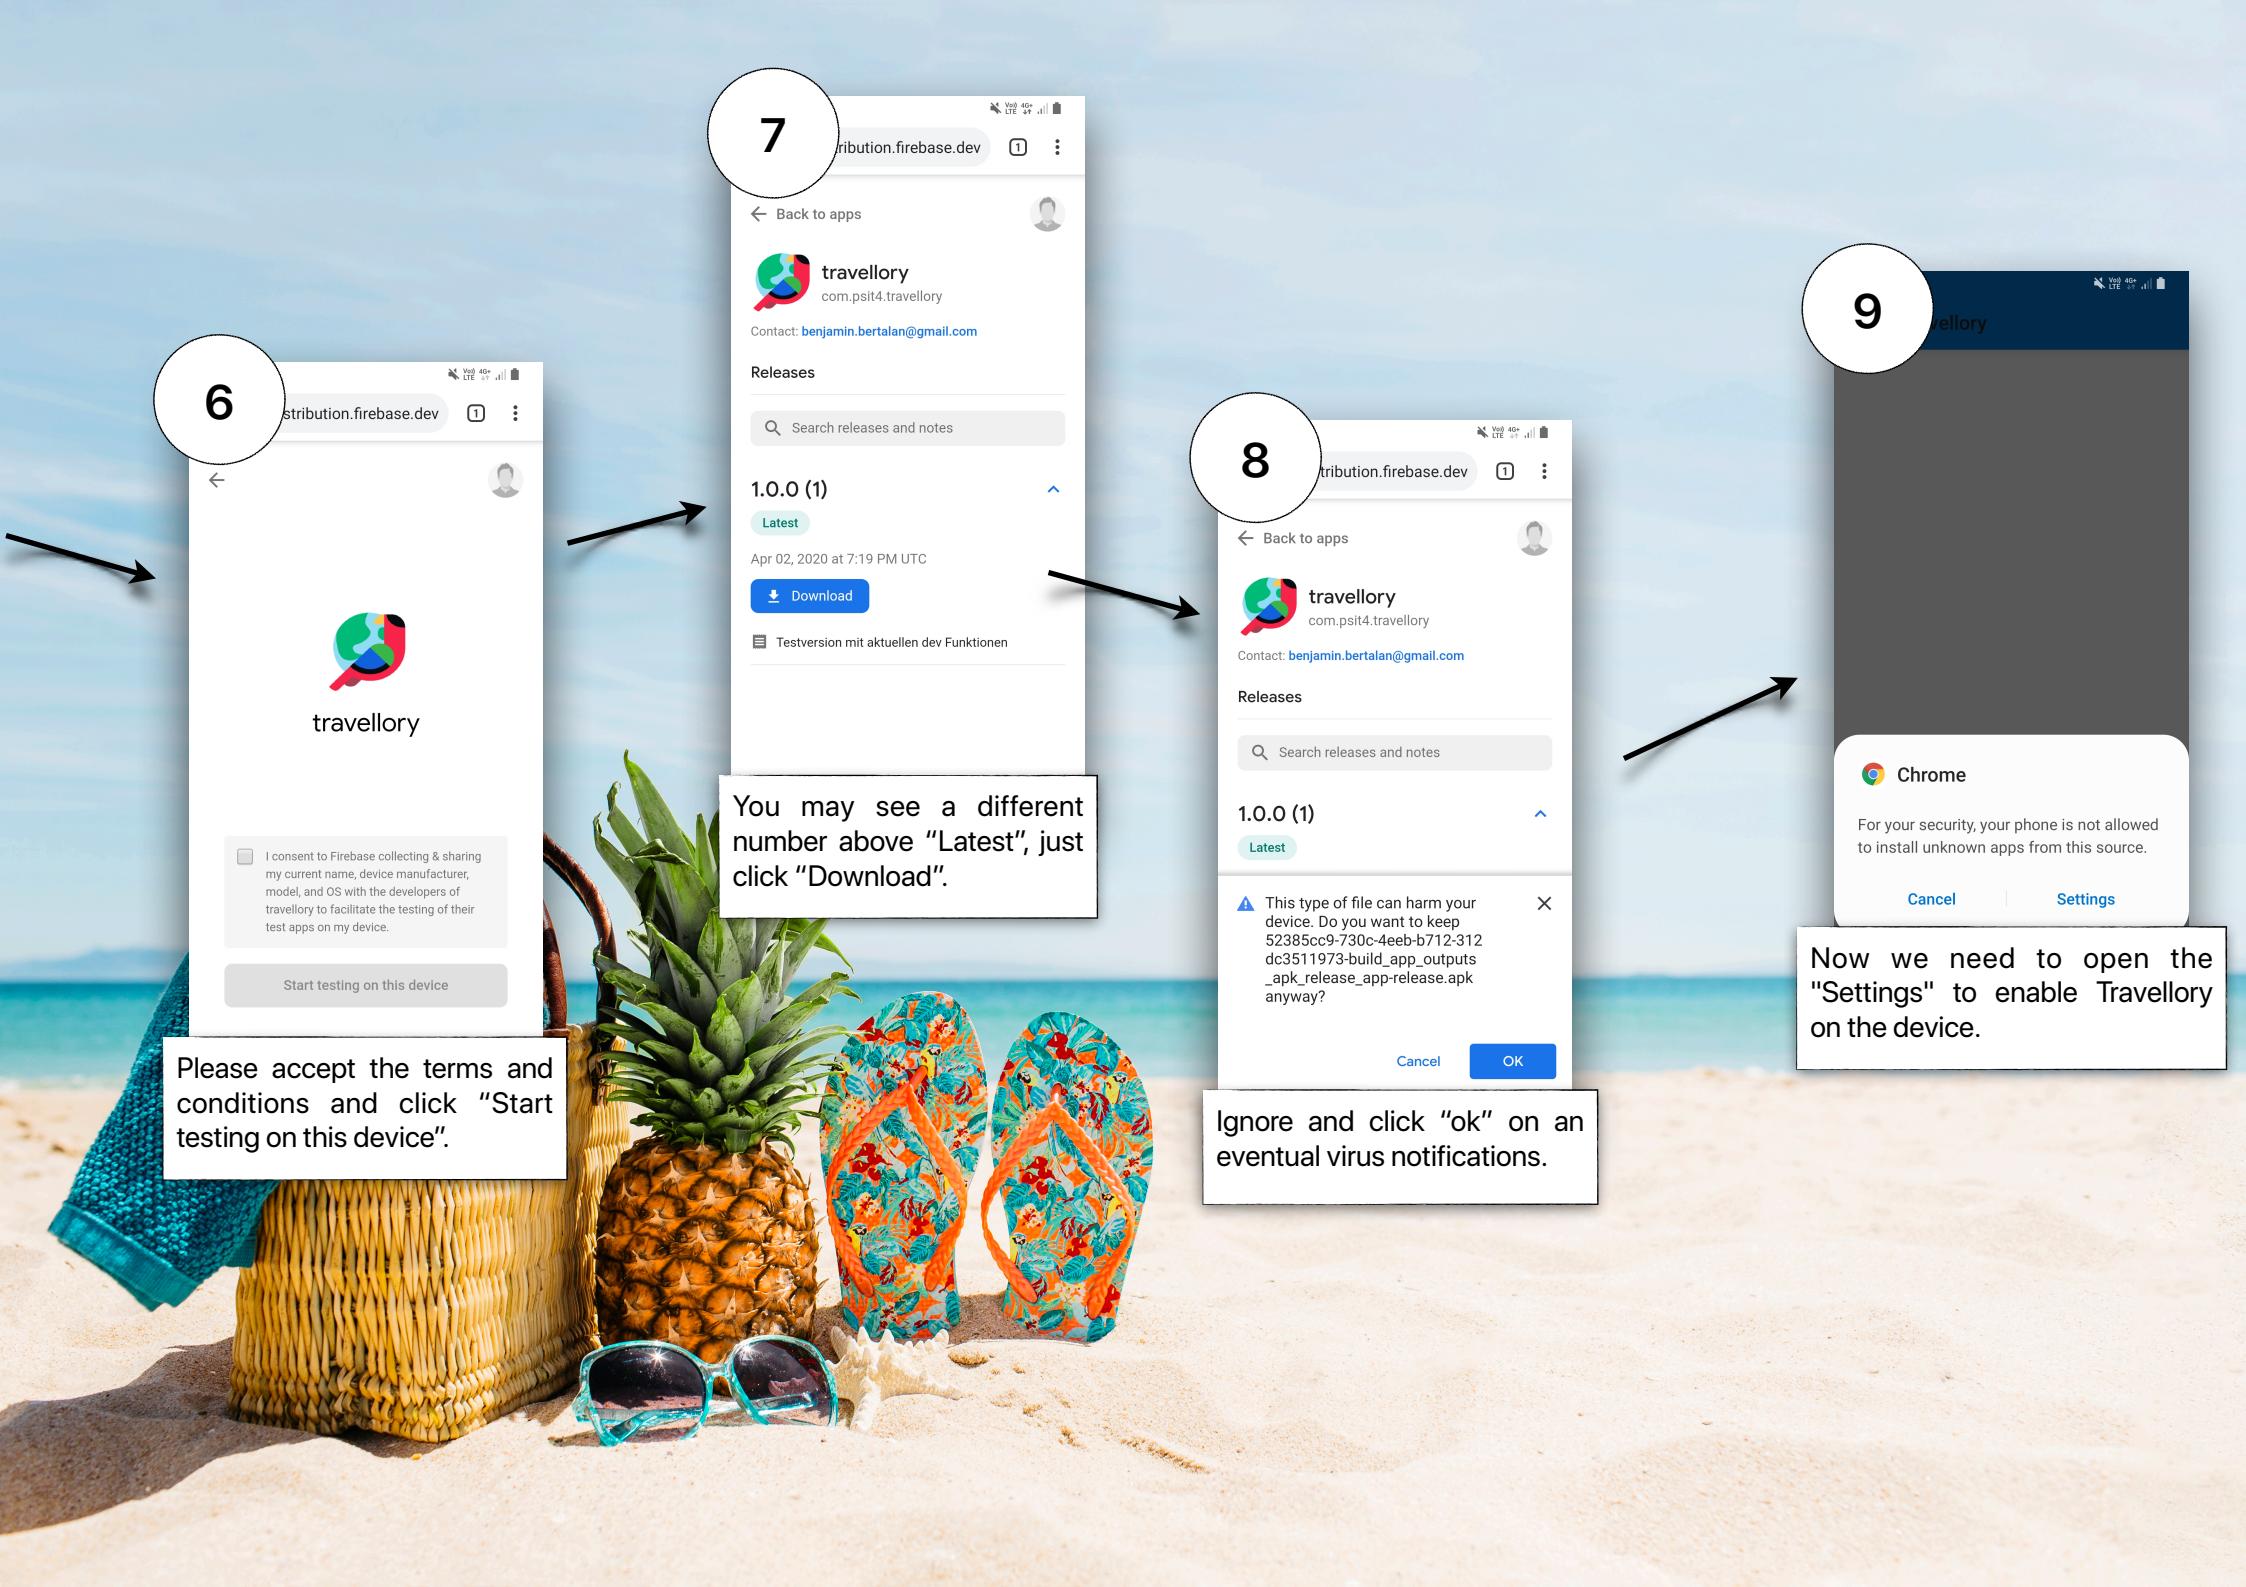

Before you test travellory...

- 1 Sign in to accept your invite
